Election/Restrictions

1. Claim 1 is allowable. Claims 3 and 4, previously withdrawn from consideration as a result of a restriction requirement, require all the limitations of an allowable claim.

Pursuant to the procedures set forth in MPEP § 821.04(a), **the restriction requirement between species I (Fig. 2) and species II (Fig. 3), as set forth in the Office action mailed on 5/9/06, is hereby withdrawn** and claims 3 and 4 are hereby rejoined and fully examined for patentability under 37 CFR 1.104. In view of the withdrawal of the restriction requirement, applicant(s) are advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once the restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with David Posz (Reg. No. 37,701) on 9/12/06.

The application has been amended as follows:

In the Claims:

In claim 3 lines 5-6, "safeguard switching elements" has been changed to --passenger protecting devices--.

REASONS FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance:

The primary reason for the allowance of the claims in this case, is the inclusion of the information regarding the passenger protecting devices to be selected according to the types of collision being pre-programmed in the main control unit and the information being transmitted to the safeguard control unit now included in independent claim 1, in combination with the other elements recited, which is not found in the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
